

SECOND ANNOUNCEMENT  
and  
CALL FOR CONTRIBUTIONS TO THE CONFERENCE

8th International Conference on  
Electromagnetic Interactions with Nucleons and Nuclei  
(EINN 2009)  
September 28 - October 2, 2009

& associated workshops  
September 27 - 29, 2009

Milos Conference Center George Eliopoulos  
Milos Island, Greece

This is the second circular for the 2009 International Conference on "Electromagnetic Interactions with Nucleons and Nuclei" (EINN 2009). All information on the conference can be found on the website [http://www.iasa.gr/EINN\\_2009/](http://www.iasa.gr/EINN_2009/) .

The topics to be covered include:

- Nucleon electromagnetic and weak form factors,
- DIS, SIDIS and hard exclusive reactions, related parton distributions in the nucleon,
- Chiral perturbation theory and applications,
- Lattice QCD and nucleon structure,
- High-energy frontier,
- Hadron spectroscopy,
- Nuclear medium, nuclei form factors, hypernuclei,
- Future facilities.

At this time we welcome submission of abstracts for contributed talks and/or posters to the conference. The guidelines for submission are on the website. The deadline for submission of abstracts is May 29, 2009.

Other important dates: registration will open on April 27 and the deadline for early registration is August 11, 2009.

The scientific program of the two topical workshops will be organized independently by the conveners:

- Partonic transverse momentum distributions: G. Schnell and A. Bacchetta
- Electron-ion colliders: A. Desphande and A. Denig

We are looking forward to seeing you on Milos Island!

Michel Garçon,  
Chair of the International Organizing Committee.  
Dirk Ryckbosch,  
Workshops Coordinator.
